MODULE STRUCTURE AND FEE STRUCTURE

Each day is maximized to enable the students to complete their courses in a fewer number of months. Each day has eight hours of teaching, and each year has two semesters. Semester one and two are six weeks each, and start at the beginning of September and of January. Semester three and four are seven weeks each, and start in the middle of October and of February. The students may choose whether to take the four semesters over one or two years, and whether to start in semester one, two, three or four. Graduation is normally at the end of semester four.

The certificate and diploma programs are built up of five-days modules. Students that are not able to attend the Bible College continually for six weeks may select individual modules, and thereby collect credit for their certificate or diploma over several years. Others may already have their diploma and desire to add selected modules to take part in the Gospel Revolution. Contact GRBC and get recommendation of Gospel Revolution modules. This is highly recommended.

But none of these things move me, neither count I my life dear unto myself, so that I might finish my course with joy, and the ministry, which I have received of the Lord Jesus, to testify the gospel of the grace of God. (Acts 20:24)
